

What we do

Cornwall is an amazing county and we know how privileged we are to live here. We have created CORNWALL in your KITCHEN to give you the opportunity to order our fantastic local produce before you arrive.

Supermarkets get a bad press for various reasons. However, they do some things very well. But there are certain things we do better. By working with our friends, the local producers, you'll have great tasting local perishable goods waiting for you in your cottage. We'll treat producers with respect and make sure your money goes to them and into the local economy.

Get your cornflakes and cooking oil from a supermarket but we ask you to consider getting your perishable goods from CORNWALL in your KITCHEN.

How to order

Look at a particular category, such as 'The Butcher', and enter the quantity of each item you want as well as the price this gives. There is a space to give the total price for each category. At the end of the price guide you can enter the prices for the different categories. Add them together to find out your total spend. Please add our £3.25 delivery charge to your total and make out a cheque payable to Knight Offers Ltd. Then simply fill in the coupon and send this leaflet and cheque to us at CORNWALL in your KITCHEN. Depending on how you want to be notified, we will confirm your order as soon as we get it. We also ask you to get your order to us at least five days before you arrive.

Delivery

We deliver on Friday's and Saturday's only and between 2.00pm and 6.00pm.

Greengrocer

We try our best to remain consistent with what our boxes contain. If it's in season we'll get it locally but we will have to go further a field for some of it. If we are unable to get particular items we will swap it with something just as special. And do please call us if you want something specific as we'll do our best to get it.

Vegetable Box - When possible the Veg box will contain potatoes, mushrooms, onions, carrots, Swedes, cauliflower and parsnips.

Fruit Box - For obvious reasons some of our fruit is from overseas. When possible the fruit box will contain bananas, apples, grapes, pears, oranges and lemons.

Salad Box - When possible our salad box will contain celery, tomatoes, iceberg lettuce, cucumber, spring onions and peppers (red, green and yellow).
