

What's inside – Trevorrick Cottages

All of our cottages at Trevorrick have been furnished and equipped to a high standard. They are independently quality assessed by Visit England and in December 2019 we were again awarded 4 Stars GOLD for each of our holiday cottages at Trevorrick. At the same time, as are proud to have been awarded the coveted ROSE Award for outstanding customer service. There are only 100 ROSE Award recipients each year, nominated by the Visit England quality scheme assessors, selected from assessor comments along with online feedback from visitors.

Kitchen:

Full size electric cooker (with hob, grill and oven), fridge with separate freezer compartment, kettle, toaster, microwave, cafetiere and all the crockery, cutlery, pots, pans and utensils you are likely to require. Most kitchens also have a blender. Tea towels (x2) are provided, as well as table salt and black pepper. A steam iron and ironing board is also provided.

We provide consumables such as kitchen rolls, washing up liquid and dish cloths as "starters" only.

Living room:

Seating to suit normal occupancy of cottage (including dining table and chairs), flat screen digital TV, DVD player.

A high chair and/or booster seat are normally available – please request when booking.

Bedrooms:

Beds have duvets with coordinated covers, sheets and pillow cases provided and are made up for your arrival. Double bedrooms have a hair dryer.

Cots (but not bedding) are provided free of charge subject to availability, if requested when booking. A travel cot is provided in Owls Roost, Lily Pad and Credis View.

Bathrooms:

All bathrooms have quality modern bathroom suites, including baths with thermostatic showers over running at mains water pressure, heated towel rails and shaver points.

Towels are available to hire if required.

We provide consumables such as loo rolls as "starters" only.

Heating:

All cottages are fully centrally heated by radiators in bedrooms, kitchens, living rooms and bathrooms.

In addition, all cottages (apart from Curlew) have log burning open fires or wood burners in the living rooms. We provide the first basket of logs free of charge during the winter months; as we don't have our own wood supply, further wood is available in nets at cost.

Curlew has a top of the range cast iron "electric" stove. Please click on link to Parc En Vine for details of heating in that cottage.

Children:

We provide stair gates in the two storey cottages: Owls Roost (at the top of the stairs) and Curlew (at the bottom of the stairs). We can generally supply any other baby equipment that you may need (eg. baby bath, bouncy cradle, pushchair, back carrier etc). Please enquire before your holiday commences if you require any particular item. For older children, we endeavour to provide a selection of toys and books in the cottage, suitable for the age of your child. Again please ask if you require any particular type of toy.

Washing:

The 'Wash House' contains local tourist information and a coin operated washing machine and tumble drier. Outside there is a rotary clothes drier.

Smoking:

For the comfort of all our guests, we do not allow smoking in any of the cottages, other indoor areas or hot tubs.
